Antitrust Policy	Last Update: January 2023	Policy Level: # 3
------------------	---------------------------	-------------------

1. Purpose

Project Management Institute's ("PMI") Antitrust Policy supplements the Employee Code of Conduct by providing requirements and practical guidance to ensure that all staff and Volunteers comply with applicable antitrust laws while conducting business on behalf of PMI or are otherwise attending or participating in activities sponsored by PMI.

2. Policy Statement

PMI will comply with all applicable antitrust laws. Under no circumstances will PMI directly or indirectly be involved in conduct that leads to or implies an agreement among its members that would restrain trade and/or otherwise violate antitrust laws. Any conduct by PMI's officers, directors, or employees that is contrary to antitrust laws is contrary to PMI policy. Any officer, director or employee found in violation of this policy, or the applicable antitrust laws will be subject to appropriate disciplinary action.

All PMI Volunteers and staff must be aware of conduct that is in violation of the United States Antitrust Laws and similar laws enacted in other countries (the "Antitrust Laws"). Steps must be taken consistent with this policy to ensure that PMI staff and Volunteers do not violate Antitrust Laws at PMI Activities ("PMI Activity" or "PMI Activities") and, if such violations do occur, that they are promptly reported so that appropriate measures can be taken to protect PMI, its Volunteers and staff from incurring criminal and civil liability under the laws.

Pursuant to the applicable charter agreements, chapters as separately incorporated entities are expected to comply with all applicable laws in their respective jurisdictions, including but not limited to Antitrust Laws.

2.1. Discussion Rules for PMI Activities

In order to achieve the above general objective, the following rules are adopted by PMI to govern discussions at all PMI Activities:

1. The Pricing Information shall never be discussed at a PMI Activity
2. Any PMI Activity which may involve issues with antitrust implications, as described in the Antitrust/Competition Law Guidelines, should be approved by PMI's Legal Department in advance of its occurrence
3. When attending a PMI Activity, Volunteers should never hold unauthorized 'rump' sessions on the facilities provided by PMI for purposes of discussing with their Competitors any of the subjects listed in the Antitrust/Competition Law Guidelines
4. An agenda should be prepared for each PMI Business Competitor activity, and those agendas cleared with PMI staff sponsoring the event. Where the agenda contains possible antitrust issues as described in the Antitrust/Competition Law

Guidelines, PMI staff is responsible for seeking approval of the agenda by the PMI Legal Department

5. It is a violation of the Antitrust Laws for Competitors to agree among themselves not to compete, therefore, discussions of the division of territories or customers or limitations on the nature of business carried on is not permitted at any PMI Activity
6. The Antitrust Laws prohibit Boycotts. Discussions relating to Boycotts, including but not limited to blacklisting, agreements to refuse to deal with a Competitor or supplier is strictly prohibited
7. No officer, director, employee, member, or volunteer shall make any representation in public or in private, orally or in writing, that states or appears to state, an official policy position of PMI without the specific authorization to do so
8. If the meeting is between PMI representatives and those of another organization providing goods and services that compete with or are similar to those provided by PMI, the restrictions herein apply to those discussions

2.2. Requirements for Conducting PMI Business Competitor Activities

1. Due to the inherent antitrust issues involved with meetings between business Competitors, these meetings are subject to additional scrutiny
2. All meetings will follow a published agenda with prompt distribution of minutes to follow
3. To the extent that the meeting agendas may cause antitrust concerns as to the content of the meeting, counsel may be required to attend the meeting. It is the responsibility of the individual Volunteer or staff member calling the meeting to consult with PMI's General Counsel to determine whether legal counsel's attendance is necessary
4. The Antitrust Compliance Statement must be read/distributed at all PMI Business Competitor Activity meetings, including by not limited to the Global Executive Council (GEC) and Authorized Training Provider (ATP) meetings
5. If a PMI officer, director, employee or volunteer is in attendance at a PMI Activity and discussion occurs which that person believes violates this policy, he/she should immediately request that the discussion stop and ask that the request be noted in the minutes of the meeting. If others continue the discussion, he/she should excuse him/herself and ask that it be noted in the minutes that he/she is leaving the meeting. Any such incident should be immediately reported to PMI's VP General Counsel and Corporate Secretary
