If the Work contains copyrighted materials owned by a third party or employer, I agree to notify PMI and identify all third party/employer portions, and obtain written permission from the copyright owner to use the copyrighted material in the Work in perpetuity with rights to adapt, translate, reproduce, and sublicense, and shall promptly deliver such written permission to PMI.

The term “Work Product(s)”, as used in this Assignment of Copyright, includes: any and all components contributed by me to any final document, publication, or other materials identified above or arising in whole or in part from my

With respect to my participation in the Project, in addition to the above Assignment of Copyright, I also hereby grant to PMI and its representatives, successors, assigns, licensees, employees, and any person, corporation or entity acting under its permission: the irrevocable right, permission and license to publish, reproduce, distribute, and/or otherwise use the following in relation to or developed as part of the Project and its related products: (i) my name, (ii) my likeness (including without limitation any visual image or sound recording of me) (the "Likeness"), and (iii) any statement or endorsement (the "Statement"), or any portions thereof made by me, in such manner and with such frequency, in whole or in part, as they shall determine in their sole discretion, without further compensation or consideration to me and without further authorization by me.
