

1. ***NEW* Global Summit Series expands.**

PMI Global Summit remains the signature event and largest global gathering of project leaders. We are excited to introduce PMI Global Summit Series, an event hosted in a PMI region. For 2024, **PMI Global Summit Series** will be held in Europe, Asia Pacific and Sub-Saharan Africa (previously known as Africa Conference).

2. **Global Summit and Global Summit Series continue to be focused on the practice of project management.**

Global Summit and Global Summit Series programming will be designed to support the community of project professionals. Chapter operation sessions are not offered at Global Summit or Global Summit Series and are offered at the Regional Leadership Institute Meetings (LIMs). See below for details.

3. **LIMs and LIVPM are designed for volunteers.**

Chapter Leaders should attend Regional LIMs which are designed to provide content to enhance the knowledge and skills of chapter volunteers. Chapter leaders are also welcome to attend Global Summit and Global Summit Series to enhance their professional skills.

Global Volunteer Leaders should attend Leadership Institute Volunteer Planning Meeting (LIVPM) for volunteer learning and development. Global Volunteer Leaders are also welcome to attend Global Summit and Global Summit Series to enhance their professional skills.

4. ***NEW* LIMs & Summits to share space.**

In some regions, the LIM will be held at the same venue and time as the Global Summit or Global Summit Series. The LatAm LIM will share a space with the LIVPM (the annual meeting for Global Volunteer Leaders) and there will be an opportunity for the two groups to network with one another.

5. ***NEW* PMI Leadership Institute offers enhanced support for Chapter Leaders to attend LIMs, Global Summit Series and Global Summit.**

- Chapters will be given complimentary registration codes to cover attendance at the LIM in their region. (The number of complimentary LIM codes will be shared by your PMI chapter partners).
- In regions where LIM and Global Summit Series are co-located (Europe and Africa), chapters within the region will receive two (2) complimentary registrations to cover attendance at both the LIM and Global Summit Series, in addition to LIM-only codes.
 - a. Combined Global Summit Series and LIM comp codes cannot be transferred; the same person using it for LIM must use it for the Global Summit Series meeting.

- b. Anyone who uses the combined LIM and Global Summit Series complimentary registration code is required to attend the entire LIM.
- Chapters will also be eligible for a LIM Travel Grant. Travel Grant amounts will be shared by your PMI chapter partners.
 - a. Travel Grant amounts will be issued to chapters after confirmation of attendance at LIM – no need to submit receipts! Chapters who send 1 person will receive 50% of the grant; chapters who send 2 or more people will receive the full grant amount. **At least one Chapter Leader must stay at the host hotel in order for the chapter to receive the travel grant.**
- Complimentary registration and LIM Travel Grants can be used only for the LIM in the chapter's region.

Global Summit: Each chapter will receive one (1) complimentary registration to attend PMI Global Summit 2024 in Los Angeles, California, USA. We are also offering a LI Travel Grant to the person using the complimentary registration.

The travel grant may be used for expenses such as airfare, hotel, ground transportation, etc. Similar to a LIM travel grant, the amount will be issued to the chapter following the event. Receipts are not required, however, the person who uses the complimentary registration and travel grant must attend (and scan in at the start of the session) the Volunteer Appreciation Session, an invitation-only session for PMI volunteers on Wednesday, 18 September from 1:00-4:00 p.m. followed by an exclusive reception for volunteers.

6. Global Volunteer Leaders will receive a one-time use complimentary registration for Global Summit or Global Summit Series.

Note: For Global Summit, LIMC Alumni and additional chapter leaders over the 1 complimentary registration provided to each chapter can take advantage of the discounted member registration.

7. Chapter Awards will be announced at Global Summit and celebrated regionally.

We will celebrate the award winners in front of their peers during the Volunteer Session at Global Summit as it is the largest gathering of volunteers. Recognition will also take place at regional LIMs.

In addition, PMI's Awards are highly regarded in the industry on a global scale. We believe that the Chapter of the Year Awards deserve the same level of recognition and prestige as Project of the Year and the other professional awards. For this reason, the Chapter of the Year Award winners will be celebrated along with the other professional awards during Global Summit.

8. LIMC Alumni Workshop will continue at Global Summit.

As done in the past, we will continue to offer a workshop as part of the Global Summit to graduates of the Leadership Institute Master Class (LIMC) program. Details will be shared in the Global Summit agenda and distributed directly to the LIMC Alumni (LIMCA).

9. *NEW* Welcoming the local PMI community to LIMs and LIVPM.

As PMI hosts various events around the world, we want to "Be Welcoming" and engage with local community members whenever it is possible and appropriate. As a result, we have created a program, Engaging Local Community at PMI Events.

As part of the program, engaged community members, for example PMI Fellows and employees, who reside 1 hour of travel by road or rail from their home to the event venue will receive an invitation to attend an activity at regional LIMs, LIVPM and similar types of meetings.

NOTE: Chapters eligible for comp codes and Travel Grants are as follows:

- *Chapters in good standing with PMI*
- *Potential chapters in good standing with PMI*
- *Chapters in formation in good standing with PMI*
