## Ready, Set, Change!

**Instructor(s):** April Callis Birchmeier, PMP

**Prework:** None

**Length:** 2 days

**CEUs:** 1.4/see below for PDU breakdown

**Level:** Advanced

**Training Topic:** Business Skill Enhancement

**Subtopics:** Change Management, Organizational Value

### Training Description:

Organizational change management is defined as moving an organization and its stakeholders from the current state to a future state. The extent to which employees are ready, willing, and able to adopt change is a key indicator of project success.

*Ready, Set, Change!* provides a framework that complements traditional organizational change initiatives with an intense focus on advanced preparation and integrated support.

This training is for anyone who wants a streamlined and effective approach to change. It will help attendees create a strategy and develop a plan to assist stakeholders at all levels to adopt change. Learners will work more effectively and elevate their skills in change leadership.

This training provides interactive discussions and activities to enable learners to apply the framework to real-world change initiatives. Discover a simpler and faster approach to help individuals and organizations adopt change to ensure business objectives are met.

### Learning Objectives:

*Upon completion of this training, learners will be able to:*

- Recognize how integrating project management with organizational change management creates better outcomes for technological change and adoption.
- Describe the benefit of the change and develop the change narrative and context.
- Identify stakeholder groups and assess and analyze stakeholders to develop targeted support for successful change.
- Use the *Ready, Set, Change!* five-point model to increase change adoption and initiative success.
