Program Management Master Class

Instructor(s): Michel Thiry, PhD, PMI Fellow

Prework: Yes

Length: 4 days

CEUs: 2.95/see below for PDU breakdown

Level: Advanced

Training Topic: Strategic Planning and Implementation

Subtopics: Program Management, Power Skills

Training Description:

Program management is now universally recognized as the best way to implement strategic initiatives and as a vehicle for organizational change. This online training is designed to help deliver value to stakeholders and will clearly link program and component projects to the business' strategic objectives to show how to measure success and create value.

This training covers the whole program life cycle—from formulation to transition. It reviews six key program performance domains: strategic alignment; stakeholder management; benefits management; governance management; decision management; and organizational change. Through a series of virtual group exercises based on real-life case studies, attendees will learn techniques to realize strategic and business objectives by formulating and organizing a program, developing a sound business case, and managing the program.

The virtual version of this training will rely on an online meeting format with highly interactive collaboration tools requiring minimal technical knowledge. Let's change the world, a little at a time!

Optional prework allows you to earn an additional 1.50 professional development units (PDUs).

Learning Objectives:

Upon completion of this training, learners will be able to:

- Define alignment with organizational objectives and strategic goals.
- Demonstrate their capability to oversee multiple interrelated projects.
- Prepare a project definition and initiation, and project management assignment.
- Analyze the use of program resources to ensure benefits delivery.
- Plan for change and make decisions to realize strategic and business objectives.
- Actively manage business value and stakeholders' benefits.
- Assess why, when, and how to use program management.
- Organize the development of a program framework and culture.

AGENDA

- **Introduction**
 - Program Definitions
 - Program Standards and Types of Programs
 - Organizational and Program Context
- **Key Program Functions**
- **Program Life Cycle**
- **Definition/Formulation**
- **Deployment/Capabilities Delivery**
 - Plan and Authorize Components
 - Oversee and Integrate Components
- **Deployment/Capabilities Transition**
 - Transition and Close Components
 - Engage Stakeholders
- **Deployment/Capabilities Integration**
 - Translate Strategic Objectives
 - Prioritize Objectives
 - Compile Business Case
- **Definition/Preparation**
 - Design Program Architecture
 - Engage Stakeholders
 - Finalize Program Scope
- **Deployment/Benefits Appraisal**
 - Support Business Integration
 - Manage Adaptive Change
- **Deployment/Benefits Appraisal**
 - Benefits Appraisal
 - Transition to Next Cycle
- **Closure**
 - Manage Program Completion

Professional development units (PDUs) are 1-hour blocks of time spent learning, teaching others, or volunteering. By attending this training, you will be able to achieve the following PDUs as learning hours to apply for PMI certification or to maintain your certification status with PMI. [View](#) how your PDUs align with the PMI Talent Triangle®.

	Technical	Leadership	Strategic	Total
CAPM® / PMP® / PgMP®	13.5	4	12	29.50
PMI-ACP® / Agile*	0	4	12	16.00
PMI-SP®	0	4	12	16.00
PMI-RMP®	3	4	12	19.00
PfMP®	0	4	12	16.00
PMI-PBA®	4	4	12	20.00

*Please note that the asterisked row above applies to the PMI® Agile Certification Journey and includes DASM™, DASSM™, DAC™, and DAVSC™ certifications.
