

Dear  DA Champs, 

Share the love  – February is known for this – so why not with our  DA Chapter Champs!

In keeping with the spirit of this month, our gift of love  to each Chapter through their named Disciplined Agile Chapter Champion - Single Point of Contact (DACC-SPOC) is a complimentary Disciplined Agile Membership (via a separate Membership-site email).  As the SPOC, you will be able to have access to all the member-only information on the [membership site](#), which includes Member-Only [webinars](#) and more. This empowers SPOCs to seek out the kind of information that will be most helpful to your fellow Champions and Chapter Members as-needed. Continue to visit the resource page for newest presentations.

ALL DACCs have access to the general area on the [Disciplined Agile site](#). This includes the opportunity to [subscribe to the Newsletter](#), whitepapers, presentations, and public webinars.  The Newsletter is free and highly recommended for all to stay current on DA topics. Please check in on the [DA Champion Resource area](#)  that was created for our Champs. This has specific information to help you understand roles, responsibilities and where to start with your chapter. Take a look at the [DA Chapter Champion Roadmap](#) which outlines your steps as a new DA Chapter Champion and use this in your chapter-related communications. Be sure to scroll down to the [Forum area](#) of the DACC Resource page, where you can post comments/questions and review what your colleagues have already posted.

The final draft of the [Disciplined Agile Chapter Champion Role](#) description  is also available for your use. This is a matter of formality as these responsibilities have been communicated and socialized from the inception. This may be of use for your chapters as the plan for leadership roles, do annual planning, and carry out the details of the annual plan. (Please see attachment to this email.) 

In December we shared the 30 min. “[Disciplined Agile – An Overview](#)” for use with your Board of Directors and Chapter. Congratulations to those who have already used this within your chapter.

New for February, we are pleased to include a webinar on [The DA Toolkit - An Agile/Lean Toolkit for optimizing your Way of Working \(WoW\)](#) by Scott Ambler, Chief Scientist. This presentation is a longer more in-depth introduction to Disciplined Agile. It includes 1) What is DA, 2) Why DA, 3) Overview of DA, and 4) Choosing your WoW.  The recording for this presentation is being shared by Mitchell R. Fong, PMI Toronto.

These gifts of love  are for use with your board and chapter. *For all of these presentations, remember to share insights and feedback from the presentations. (Note: Let’s all be careful to address only those things of which we have knowledge, and report back on other items raised, so that we can get a unified answer for our global community.)*

[Training sessions](#) are regularly posted online. Please check the scheduled for sessions near you. Ensure you engage with an Authorized Training or Consulting Partner – look for these seals on their website or reach out to us to confirm.

I have never before seen so much excitement in the Chapter Community. It is a pleasure traversing this journey with you all. Thank you for your commitment to Disciplined Agile success.

Warm ♥ Regards,

Beth Ouellette, Advisor ♥ Volunteer
